During the three months of October. November and December, 1911, the number of railway casualties in the United States was 22,682. The number of persons killed was 2,726, and the number injured was 19.956. These figures are given in the quarterly accident bulletin issued by the Interstate Commerce Commission.

Out of this large total only fortyeight passengers were killed, two of these having been passengers on treight trains. As is usually the case, there was heavy fatality among railway employes, 850 of these having been killed while in the performance of their duties, and seventy-six losing their lives while not on duty. More than half of the entire number killed were of the class described by the commission as "trespassers," the number of such fatal casualties being 1,419. "Other persons not trespassers" were killed to the number of 303, and three of the killed were "persons carried under agreement or contract."

It will thus be seen that the "trespassers," as is generally the case. head the mortality list, these being persons who are killed at crossings or. while walking on the railway tracks. Of the persons injured the great bulk were railway employes, but the number of "trespassers" who sustained injuries was almost as large as the number who lost their lives, as jout of Upon their return from Somerset to the 19,956 injured 1,335 were "tres-'trespassers' of this character.

In a suit brought by the city of Georgetown against the heirs of George Graves, a wealthy bachelor, for \$3,000 for taxes alleged to be due on \$60,000 from 1905 to 1910 inclusive. judgment was given the plaintiff in the sum of \$2,163. During Mr. Graves' life the city had brought a similar suit. but he claimed exemption on the ground that the lived in the county. Before the case was settled he died.

Gettysburg Reunion.

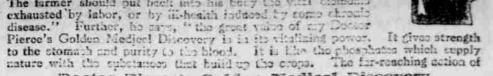

Gov. McCreary Tuesday appointed four commissioners to attend the reunion of the soldiers of the North and South, on the battlefield of Gettysburg, on July 1, 2, 3 and 4. The appointment was made by the Governor under a resolution of the last Legislature. The following were appointed: Admiral | John Crittenden Watson, of Washington, and Col. Andrew Cowan, of Louisville, representing the North, and Gen. Bennett H. Young, of Louisville, and Green R. Keller, of Carlisle, representing the South.

New School Law.

Under the new State law governing he apportionment of the State school funds, it is believed by the head of the educational department that school atedance will be improved. The new law requires money to be paid teachers on a basis of school attendance, as well as qualifications to teach. thus encouraging the teacher to get the pupils to the school every day. Prof. Barksdale Hamlet. superintendent] of Public Instruction and Prof. J. T. Coates. Superintendent of Rural Schools, are at work on a plan for paying the teachers under the new Under the old law a teacher was paid regardless of the number of pupils in attendance, and it is said in ome of the schools the attendance was allowed to fall off by reason of the fact that the teachers did not care. Under the new plan a teacher will be allowed a minimum salary, and this will be increased as the percentage of ttendance in the school increases. Last year and for several years past only one-third of the pupils enrolled attended school during the year. It is noped to raise this next year to at east fifty per cent.

Doctor Flerce's Golden Medical Discovery is due to its effect on the etemach and organs of digestion and nutrition. Discases that begin in the stomach are cured through the stomach. A billious spell is simply the result of an effort made by the liver to catch up when over-worked and exhausted. I have found the 'Discovery' to be unsurpassed as a liver reg-

ulator and rich blood-maker." Miss Lottle Knisely of Perth, Kansas, says: "I will here add my testimeny of the effectiveness of your remedy upon myself. I was troubled with indigestion for two years or more. Doctored with three different doctors besides taking numerous kinds of so-called 'stomach cures' but received no permanent relief. I was run down, could not sleep at night with the pain in my chest, caused by gas on the stomach. Was weak, could eat scarcely anything although I was hungry nearly all the time. About one year and a half ago I began taking your 'Golden Medical Discovery,' and after having taken several bottles are nearly cured of stomach trouble. Can now eat without distress and have gained fifteen pounds in weight.

I thank you for your remedy and wish you all success in your good work."
